Dear Jim & Vickie,
I am at work now,
and should be working,
but am taking a break
instead. Today is Friday,
and we have to work
tomorrow, and they go in
session again on Sunday at
2:00 pm. I am still enjoy-
ing it, however, as I know
so many people down here,
now. I couldn't take it
for an indefinite period,
though.

I'm glad you went to
the Dentist, Jimmy. I told
you that once you reach
30 - you don't have cavities
any more!

Well, Mike & I are moving after all. Mike, I think, is going to run for the King County Council in a vacant district. The election is this year in the fall. He is very excited about it, and has Durken's full support. There will only be about 3 months actual campaigning (this summer) so if he loses, we won't be out much time-wise. He has some good fund-raising sources developed thru Durken, so we won't have to use ~~our~~ our own money. It is a very, democratic, black, and ~~de~~ and liberal district. (The voters, at least.).

we have found an apartment on First Hill, which is more like a Hotel-motel -- but should

be fun for a change.
It sounds like you're both
having fun, as usual.
I think it's fun to go to
different kinds of Restaurants.
Will Vickie get to go to
Puerto Rico, too?

I'm waiting for the
ways & means meeting to
adjourn, so I can go over
to Mike's office & we can go
home. We have about the
same hours, so there hasn't
been any problem there.
(Although Mike has to come
back at night's often).

I put a roast in the
oven this morning at 160°,
with Golden mushroom soup
poured over it & covered) -
so it should be all ready
to eat when we get home.
Love, Mary
